ASSIGNMENT

WHEREAS, I, Vijay Pillai as a sole or joint inventor, have made or contributed to making certain new and useful inventions as disclosed or intended to be disclosed and set forth in a non-provisional patent application which being entitled **Frequency hopping method for RFID Tag** which was filed on Feb. 12, 2004 and assigned a serial number of 10/779320. (Said non-provisional application being hereinafter referred to as "said Applications").

WHEREAS, I Vijay Pillai am desirous of working on the development of improvements and betterments of the present subject matter, and may make further innovations that may be made the subject of sole or joint patent applications, or may be maintained as trade secrets.

WHEREAS, Intermec IP Corp., a corporation organized and existing under the laws of the State of Delaware business at Everett, Washington (hereinafter called the "Assignee") is desirous of acquiring the entire interest in all inventions disclosed or intended to be disclosed in said Applications, improvements thereon, and in and to any patents that may be granted for any of the inventions or improvements in the United States and in any and all foreign countries, together with any and all conversions, substitutions, divisions, continuations, continuations-in-part, extensions, reexaminations, and reissues thereof, and to insure its full and complete ownership rights in any present or future innovations with respect to the subject matter that may be made or contributed to by Vijay Pillai.

NOW, THEREFORE, in consideration of the sum of one dollar (\$1.00) and other good and valuable considerations to us paid by said Assignee, the receipt and sufficiency whereof is hereby acknowledged, I Vijay Pillai do hereby sell, assign, and transfer, and agree to assign unto said Assignee, its successors and assigns, my entire

right, title and interest throughout the world in and to all said inventions disclosed or intended to be disclosed in said Applications; and in and to said Applications, including all priority rights for other countries or international or regional intergovernmental organizations arising from said Applications; any other inventions described in said Applications, and in and to any present or future improvements and/or betterments of the subject matter; and in and to all Letters Patent, United States and foreign, that may be granted for any of the inventions or improvements and/or betterments; and in and to all extensions, reexaminations, and reissues thereof; together with any and all further applications, and conversions, substitutions, divisions, continuations, and continuations-in-part with respect to such inventions and present and future improvements and/or betterments.

And I Vijay Pillai do hereby authorize and request the Commissioner of Patents and Trademarks of the United States and the duly constituted authorities of foreign countries to issue any Letters Patent which may be granted on said inventions, or on any applications related to the subject matter as above described, to said Assignee, its successors and assigns, as assignee of the entire right, title and interest therein and thereto.

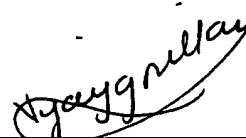

And for the consideration aforesaid, I Vijay Pillai do hereby, for myself and for my legal representatives, further covenant and agree with said Assignee, its successors and assigns, that I together with any other named inventors have full and unencumbered title to said Applications and to the inventions above described and hereby assigned, which title I warrant unto said Assignee, its successors and assigns; that I have granted to others no license to make, use, or sell said inventions; and that I will not execute any instrument in conflict herewith, and will maintain all subject matter in confidence so long as trade secret status continues.

And for the consideration aforesaid, I Vijay Pillai do hereby, for myself and for my legal representatives, further covenant and agree with said Assignee, its successors

and assigns, that upon request I will execute new applications for patent for improvements and/or betterments of the subject matter, and substitute, continuation, continuation-in-part, divisional, or reissue applications, amended specifications, or rightful oaths; communicate to said Assignee, its successors or assigns, any facts known to me relating to said inventions, present or future improvements and/or betterments of the subject matter, or the history thereof; and execute preliminary statements; testify in any interference or other legal proceedings involving said inventions and present or future improvements and/or betterments; execute and deliver any application papers, assignments, or other instruments, and do all other acts which, in the opinion of counsel for said Assignee, may be necessary or convenient to secure the grant of Letters Patent to said Assignee, its successors and assigns, or its nominees, in the United States and in all other countries where said Assignee may desire to have the said inventions, or any of them, patented, with specifications and claims in such form as shall be approved by counsel for said Assignee, and to vest and confirm and complete legal and equitable title to all such inventions, present and future improvements and/or betterments, applications, and Letters Patent, and to enable it to record said title, without further consideration than now paid but at the expense of said Assignee, its successors or assigns.
